GENERAL INFORMATION

Regulated Dobrich area building plot Located in Dobrich's popular villa zone, this building plot is ideally placed to access the city whilst still retaining a calm and countryside feel.

Measuring 481m2 in total, the plot is the ideal size for a family home to be built on. Unlike many building plots in the area, this site already has electricity connected to the boundary. There is an existing water account available too that can be transferred to the new owner.

A short walk away is a local bus stop with regular transport links into town as well as to Varna and the coast.

This villa zone is noted for being quiet and peaceful, an ideal location for families or those looking to benefit from having amenities nearby without living in the city itself.
